Patna, Bihar | +91 9241463228 | devrajshivam02@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFILE SUMMARY

Computer Engineering student with a strong foundation in full-stack web development (MERN) and a growing specialization in AI/ML. Experienced in building end-to-end web applications and currently expanding into machine learning and generative AI through structured coursework and hands-on certifications. Adept at coordinating cross-functional initiatives as Student Coordinator at the Training & Placement Cell.

TECHNICAL SKILLS

Languages: JavaScript, Python

Frontend: HTML, CSS, Tailwind CSS, Bootstrap, React.js, Vite

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, MongoDB Atlas

AI/ML: NumPy, foundational ML concepts, Generative AI fundamentals

Tools: Git, GitHub, Render

PROJECTS

E-Commerce Platform | [Live Demo](#)

- Built a full-stack e-commerce web application with product listings, cart management, and order flow using the MERN stack.
- Implemented RESTful APIs with Express and Node.js, with MongoDB for persistent data storage.
- Designed a responsive UI with React and modern CSS, deployed live on Render.

PrepMate | Hackathon Project | [Live Demo](#)

- Developed a preparation-assistance web app as part of a hackathon, focused on helping students organize and track study resources.
- Collaborated under time constraints to design, build, and deploy a functional prototype using JavaScript and web technologies.

EXPERIENCE

Student Coordinator | Training & Placement Cell, Government Engineering College, Siwan

- Coordinate communication between the placement cell, students, and visiting recruiters to ensure smooth execution of placement drives.
- Assist in organizing campus recruitment activities, including scheduling, student outreach, and on-ground logistics.
- Maintain student records and relay important updates regarding placement opportunities and eligibility criteria.

EDUCATION

Government Engineering College, Siwan

Bachelor of Technology in Computer Science & Engineering | **CGPA: 8.4**

Expected 2028

CERTIFICATIONS

- AI Certificate — Infosys Springboard
- Generative AI Learning Path — Google Cloud Skills Boost (in progress)
